LAUNCH 36

Introducing the Launch 36, a boat designed for families to get back to enjoying the fun of the water.

“This is the boat we have always wanted to build for our families, so that we could all have fun on the water, together with friends. Boaters, especially big boat owners, have lost sight of what it means to play on the water. This boat is a new concept in a way, and intended as a toy boat, with all the toys associated with a large yacht, but contained within a compact 36’ boat. The Launch 36 was designed primarily as a large day boat, equipped to store a range of toys and water sports equipment for all the family. You will find an assortment of toys which we personally recommend. After a day on the water, unwind on the bow or aft sun bed, and enjoy a full open air galley and comfortable dining. With berths for five people below the deck, you can overnight in comfort. We invite you to step aboard this model at the 2014 Miami International Boat Show and get back to the fun of the water with the all new Launch 36”

FUN FOR THE WHOLE FAMILY

The Launch 36 is primarily a large day boat, with overnight facilities, designed for having fun on the water, with a range of toys and water sports for family and friends.

LAUNCH 36

The new model is designed with a full walk around deck to access the forward seating and a full sized bow sun bed. As you make your way to the aft cockpit, owners can enjoy a full open air galley, and large U-shaped seat, with a large retractable table that easily converts to a second, large aft sun bed.

LAUNCH 36

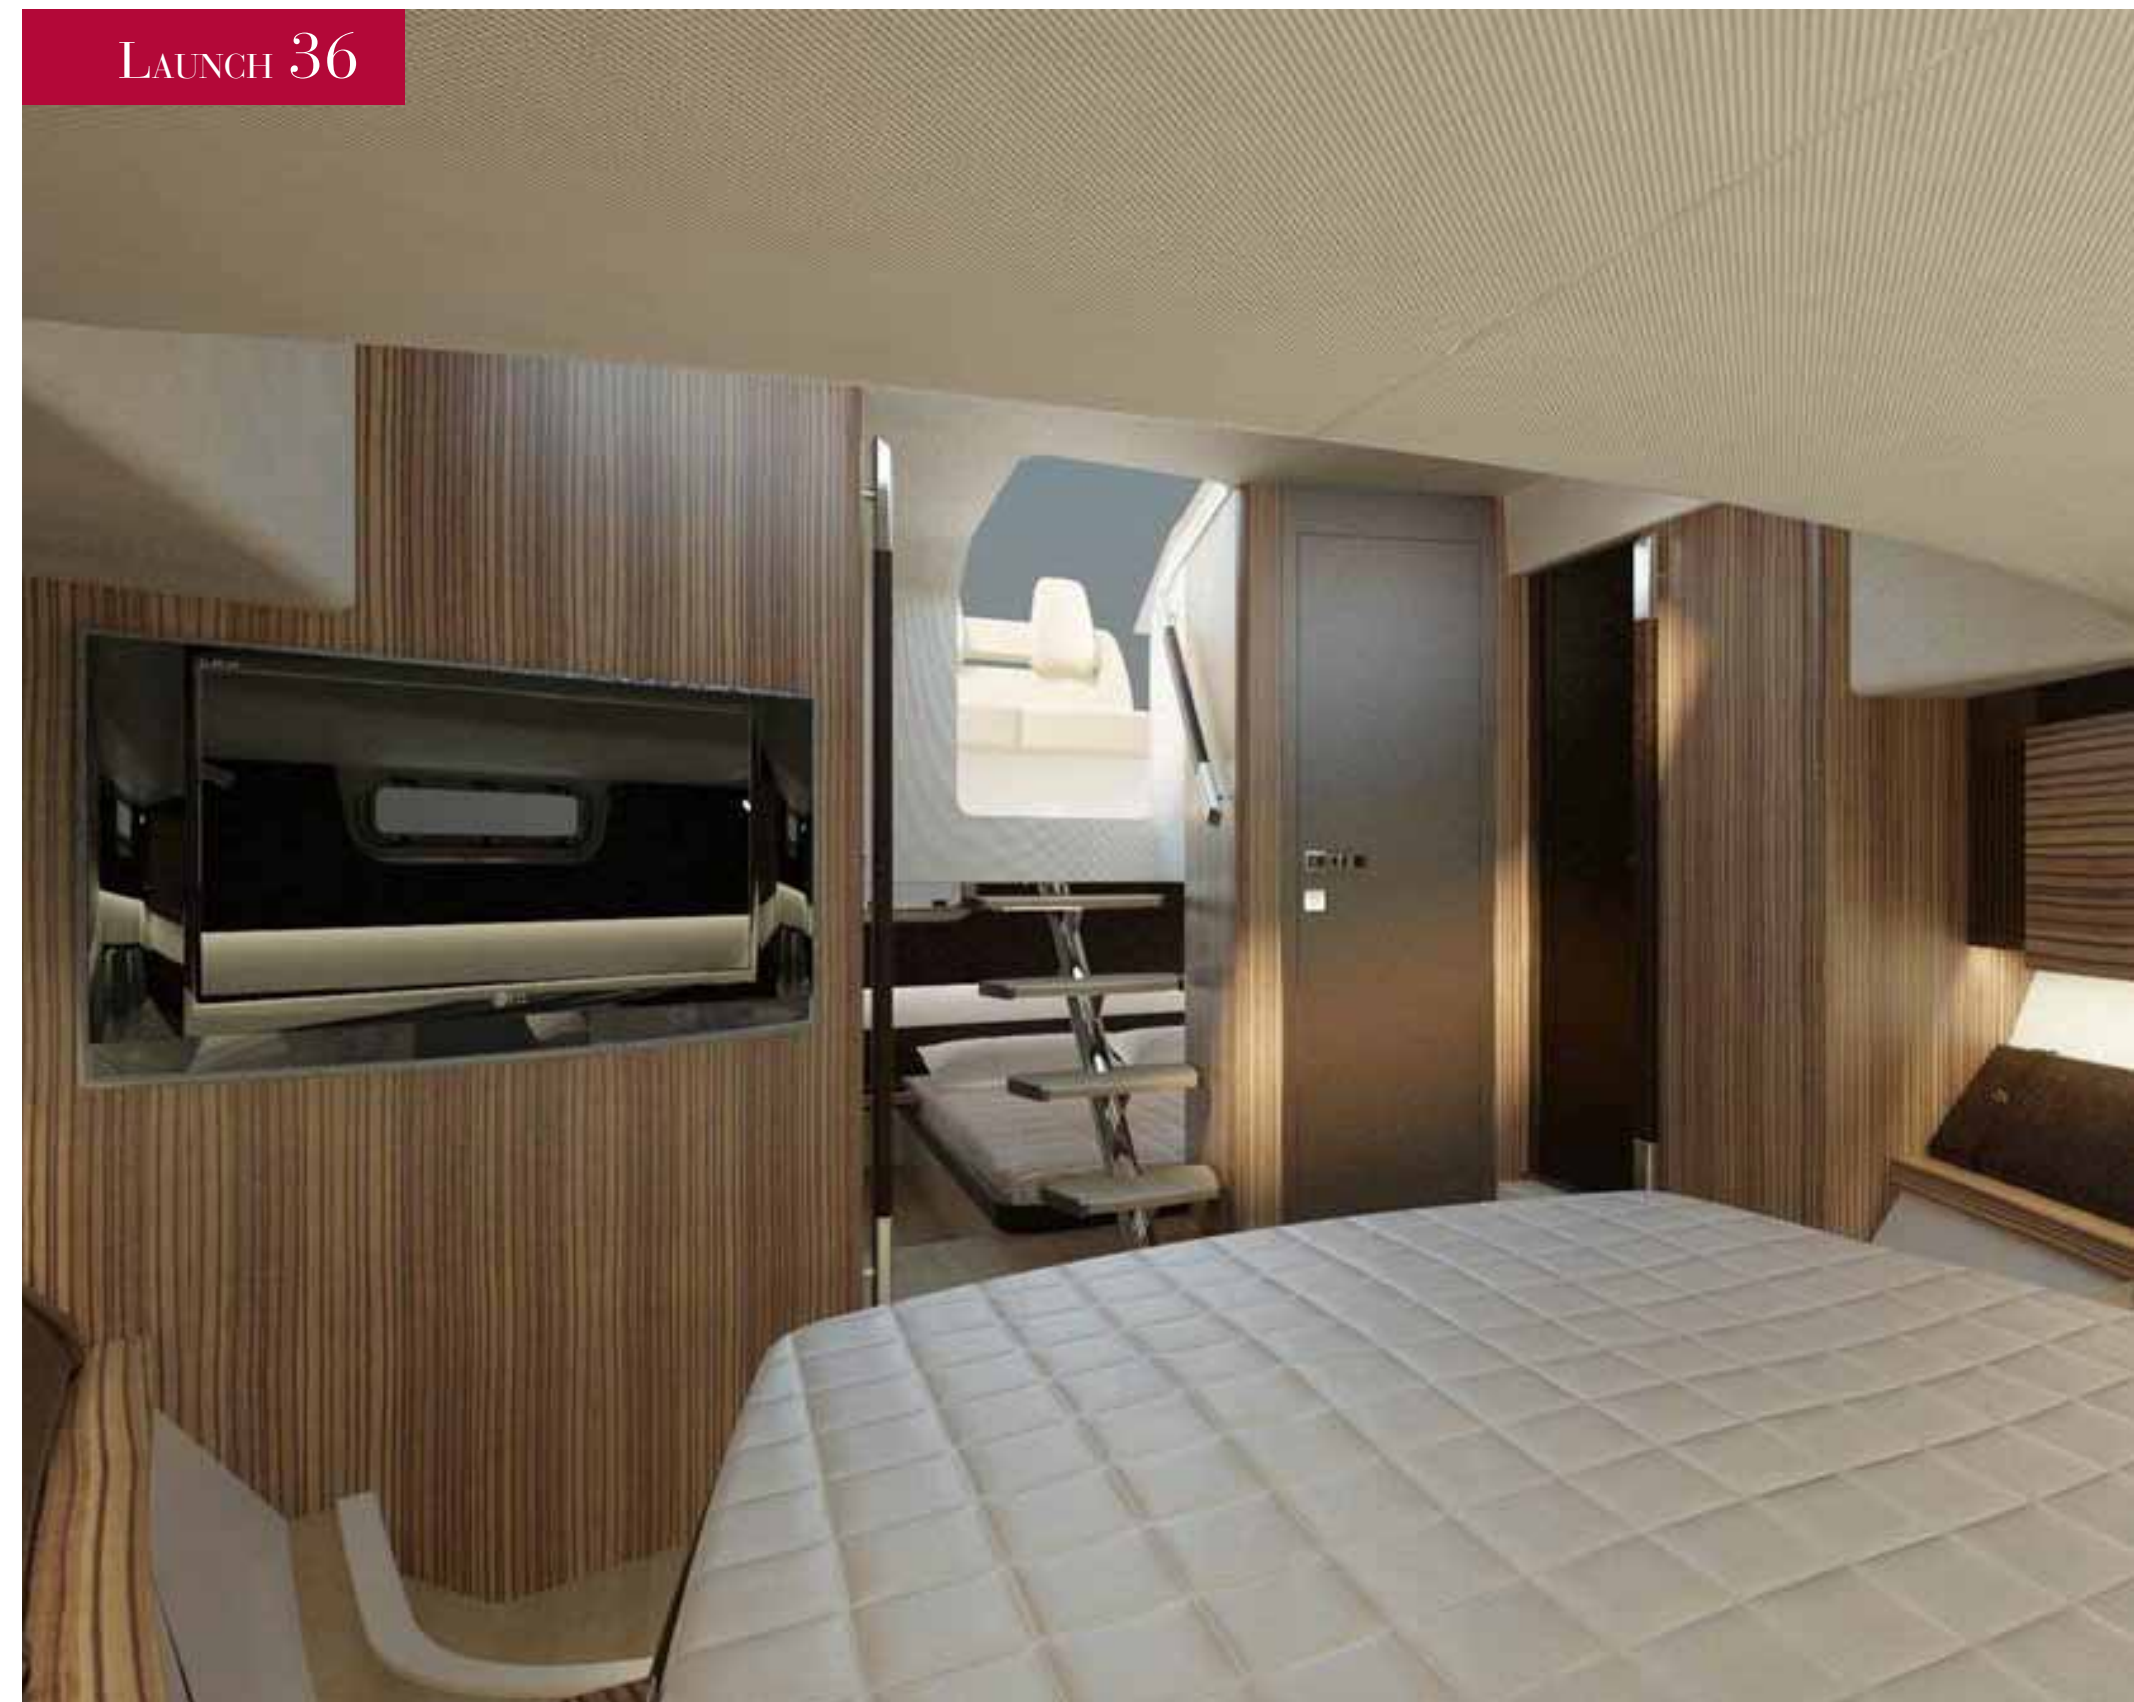

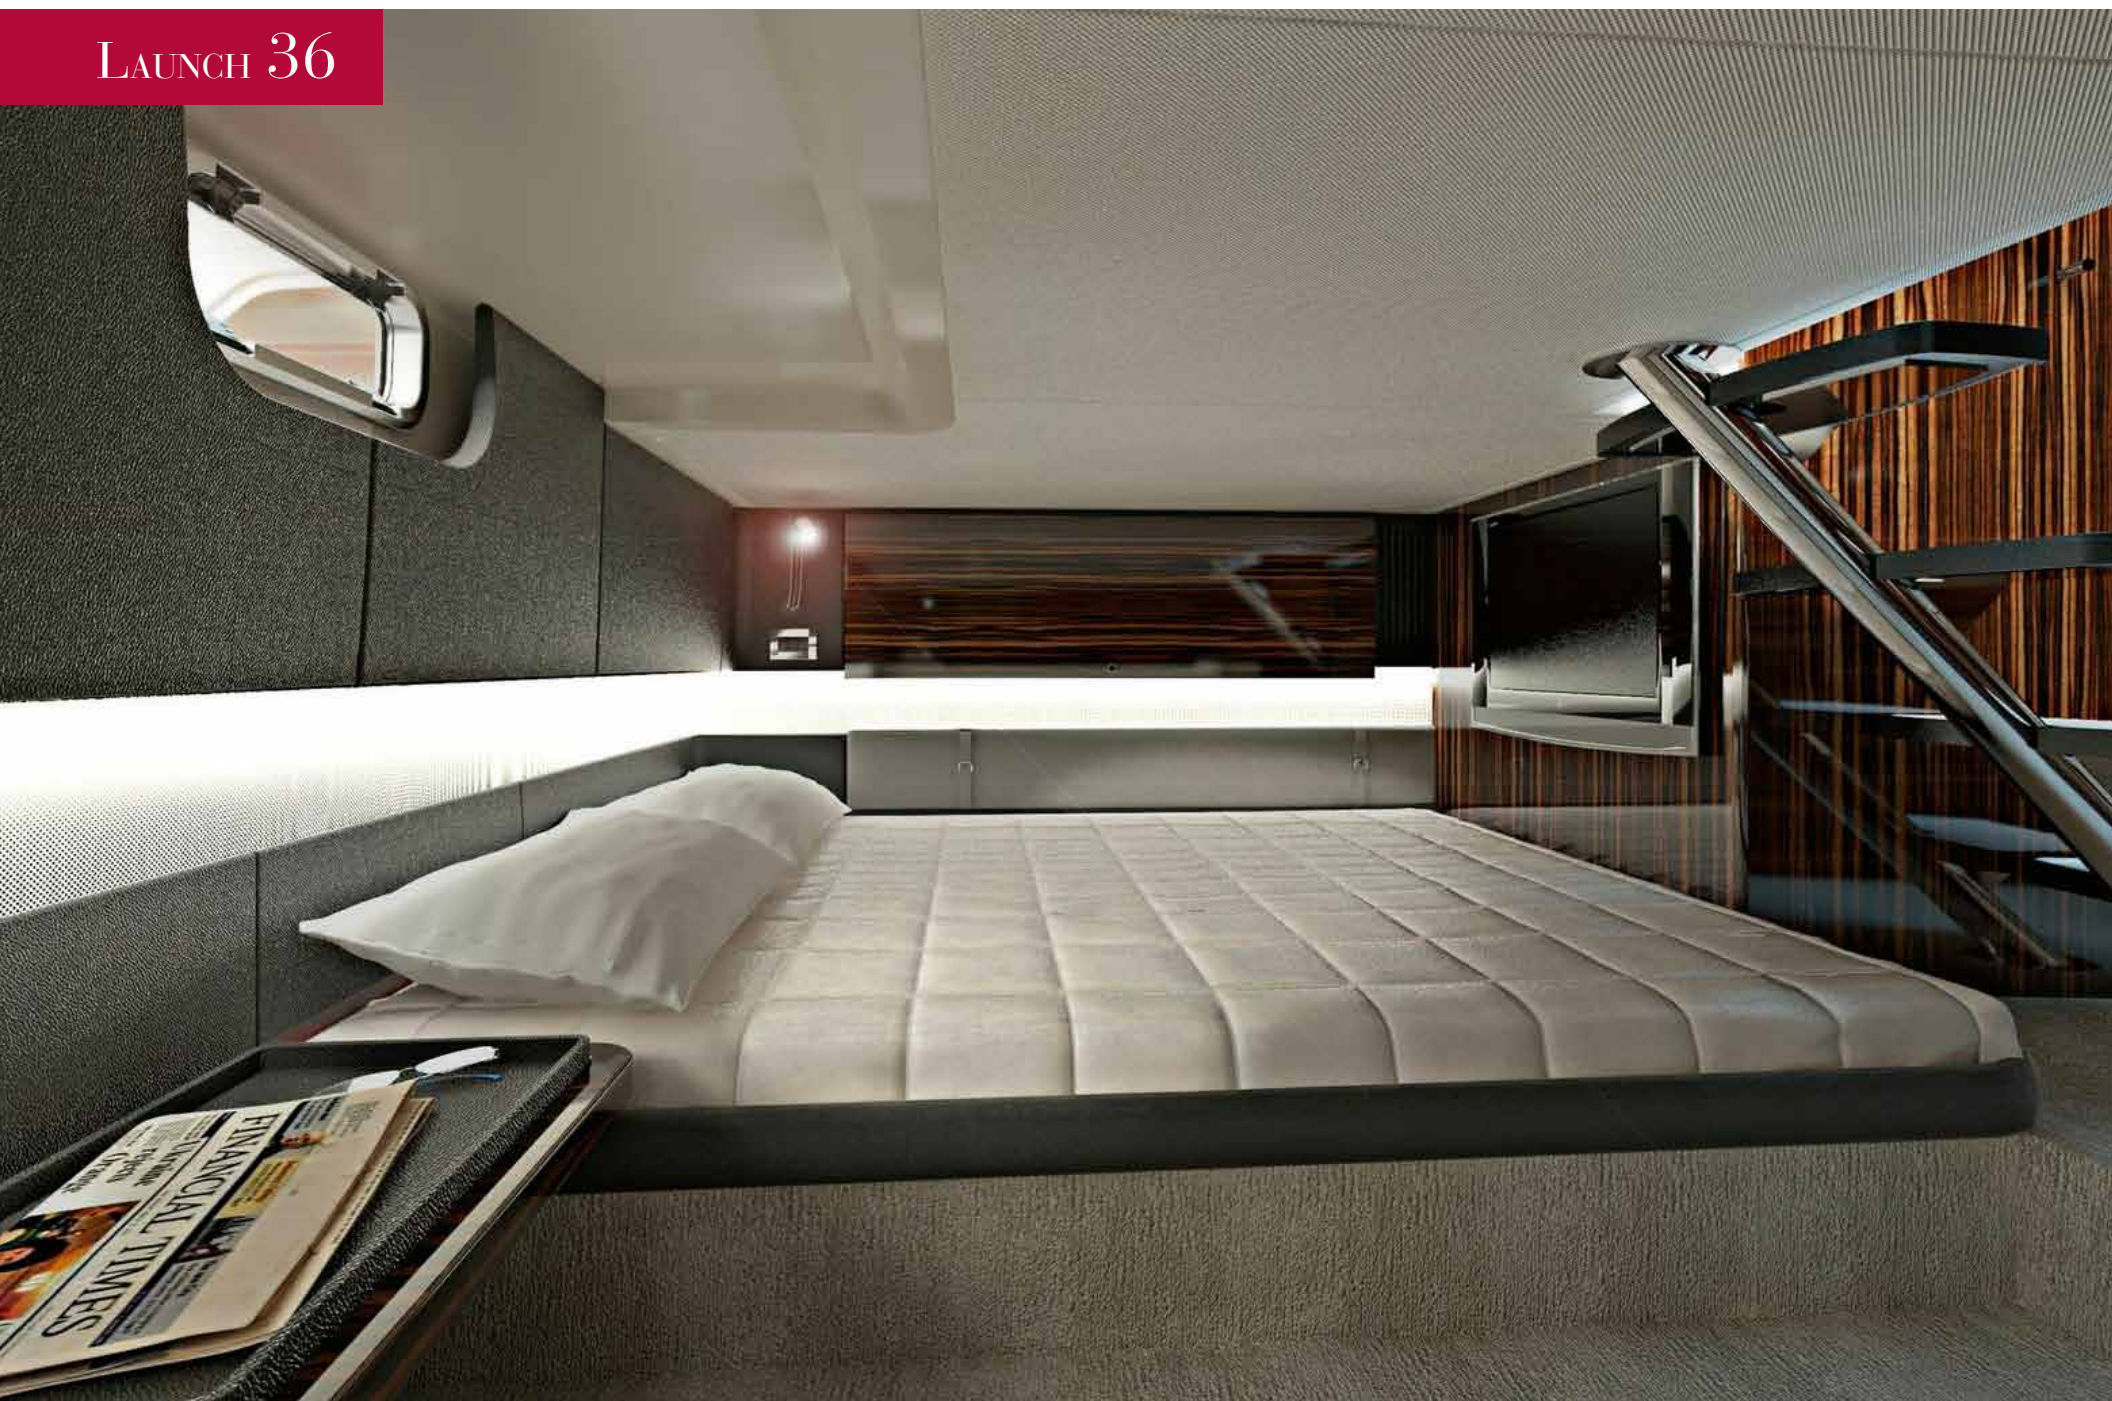

LAUNCH 36

Comfort and style are not compromised aboard the Launch 36. Just below deck, there are berths for five people, a full sized head and a separate shower.

COMFORT & STYLE

FUN COMES STANDARD

BRING YOUR OWN TOYS

TOYS GALORE

The new model is equipped with built-in storage for a variety of sports equipment such as snorkeling, scuba diving, kayaking, fishing, bicycling, wakeboarding, and tubing. Below are just a few *toys we recommend to amplify your fun aboard the Launch 36.

Micromask
The Micromask is a revolution in mask design. Its innovative and never before have lenses been so close to the eyes. This not only results in an amazingly wide peripheral view but an extremely low internal volume.

Zephyr Snorkel
The Zephyr snorkel is has an easy, quick-adjust clip for mask attachment and integrated corrugation zone for flexibility. It also has a splash guard with purge channel on top of snorkel and a Comfo-bite™ hypoallergenic mouthpiece.

[Visit Website →](#)

Seabob F5
One particular distinguishing feature of the SEABOB F5 is its low weight. The E-Jet Power System in the SEABOB F5 is controlled in 4 power levels. These increments guarantee absolute fun and pleasure

[Visit Website →](#)

Stratos ADJ
The Stratos ADJ provides a slightly softer kick and is a durable fin. The Bending Zone between the blade and foot pocket allows the blade to quickly reach the optimal inclination for propulsion and water channeling.

[Visit Website →](#)

Rave Sports Diablo Towable
The Diablo has added stability with the unique tapered “D” shape design providing intense high speed water action. Riders are kept in place with the built-in centrifugal force deterrents which provide fewer stops and less fuel consumed overall. The Skim-fast bottom provides a slick and fast ride also allowing the tube to plane quickly. The Diablo inflatable towable tube is the perfect addition to all of your water toys!

TOYS GALORE

International V Rod

With the International V Rod, any angler becomes a formidable opponent to the largest offshore species. The EVA foregrips give anglers added comfort for long battles and maximize grip against hard pulling fish.

[Visit Website →](#)

Lopez GL X-2

The Gerry Lopez model is our more advanced SUP. It has a more traditional shape. A pointed nose with good kick for better penetration when paddling out through the surfline or recovering from a nose dive in whitewater. The tail is pulled in and this helps in turning and late takeoffs. A more durable model, the GL X-2 is the board that can take the constant abuse of rivers and rocky shores. The deck of the board is covered with an EVA deck grip. Fins; tri-fin-typical thruster set up.

FreeStyle Wakeboard with Striker Boots

The Freestyle wakeboard features a continuous rocker for soft landings and a 4 point design that provides unbeatable grip during turns. Constructed of RIM molded PU with Fiberglass reinforced edges and a high density laminate core. The lace up Striker binding offers excellent ankle support that fits most adult sizes. Made in the USA. 139 cm. For riders over 125 lbs.

SAFETY EQUIPMENT

Our recommendations for the safety equipment you should have onboard.

Life Jackets
This Coast Guard approved life vest from O'Brien is neoprene for comfortable fit. The Men's Traditional vest is available in a variety of sizes also comes in the colors, Black, Red or Blue.

[Visit Website →](#)

Life Ring 30 Inch
This personalized life ring is constructed with solid, closed cell foam throughout. Life ring is soft and resilient to the touch, resists weather, temperature extremes, rot and mildew. Customized with your Boat Name, Port Name, and lettering color choice.

[Visit Website →](#)

Big B™ Inflatable Vinyl Fenders
Big B's are made from the highest quality marinegrade vinyl with a high gloss finish. Available in four sizes to fit a full range of boat sizes.

[Visit Website →](#)

Zodiac Open Sea ISO 9650 (6 persons)
Zodiac life rafts are structurally state of the art in terms of security and materials, and comply with the requirements of the ISO 9650 international lifeboat design standards and can hold up to 4, 6, or 8 people.

[Visit Website →](#)

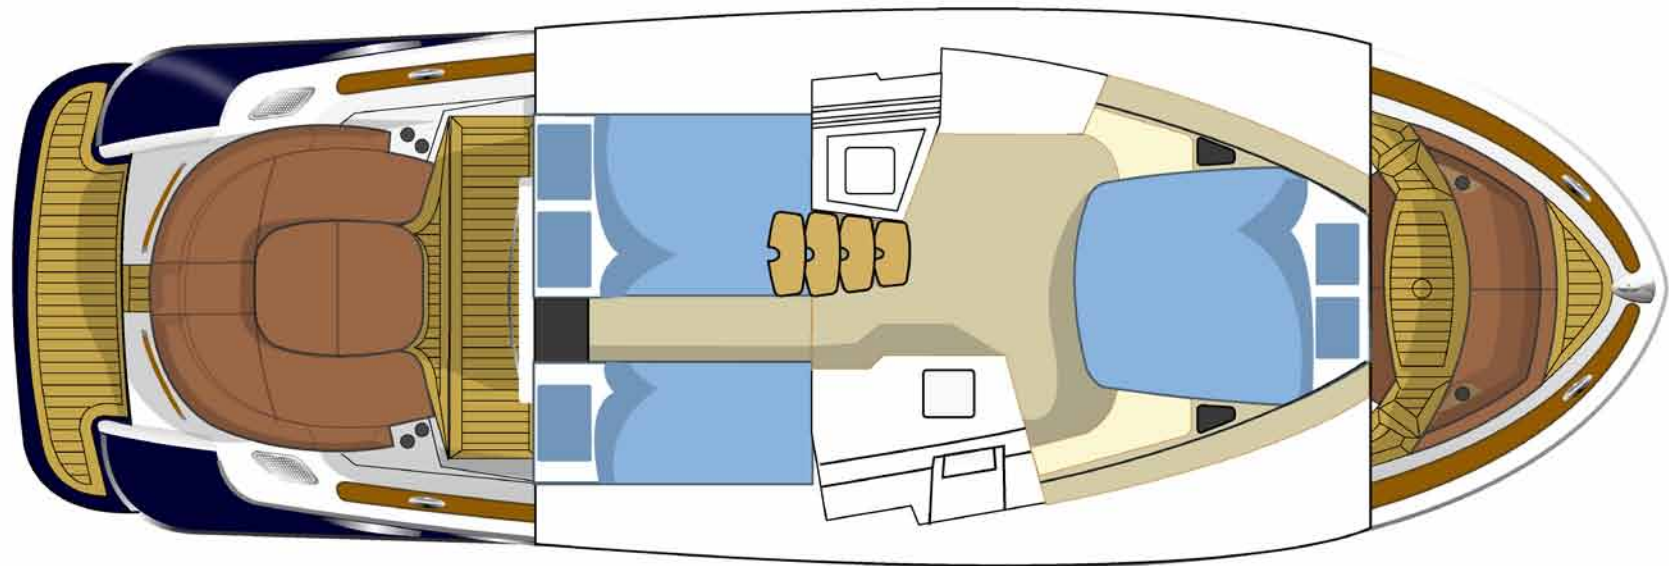

Metro Magic Air Inflator / Deflator
The best companion an inflatable ever had. Marine Models include Large-Valve Inflator/ Adaptor. Magic-Air® takes the work out of inflating and deflating. It's fast, easy to use and produces a high volume of air.
